FACT SHEET

Health and Safety Training for Senior Decision Makers – 1/2 Day

The course is intended to develop an awareness of the moral, financial and legal implications of Health and Safety in the workplace.

For whom the course is intended

All senior personnel and “Policy Makers” who have a health and safety responsibility within their organisation

Objectives

- Understand the main aims of current health and safety legislation.
- Understand how health and safety is a line management function.
- Recognize how the statutory requirements impose upon the organisation the requirements for documentation and procedures.
- Understand and appreciate the shift to a non-prescriptive approach to legislation, based on risk assessment.
- Understand the requirement to appoint competent health and safety assistance.
- Understand and recognize the shift towards a more forceful approach to enforcement of legislation by the HSE and the implications of such an approach.

Training Numbers

A maximum of 16 delegates per course

Achievement Measurement

Skills and knowledge will be assessed throughout the course by the use of questions and answers, practical exercises and trainers observations and an end of course questionnaire.

Unit 4 & 5 Evans Business Centre, Belmont Industrial Estate, Durham City, DH1 1ST
